

ELEVARTS

Branding Guidelines , story, values, directions

Hello There!

We would want your help in a rebranding that we are currently in.

Our old brand (Royal Entertainment) doesn't meet our new direction and goals, because it's too common, hard to memorise and spell, and it's a bit too long and vague.

After many ideas and suggestions, we found one that is suitable for us, our core values, is available for .com and for Trademark in EU, and has the potential to grow in what we need it to become.

On this matter, we need your help to imagine and suggest a new logo and if we have a winning proposal - branding guidelines with branding book, do's and don'ts, branding for t-shirts, cars and van, and social media kit + guidelines in that direction.

About US:

We are an entertainment company based in Romania - Europe. We are one of the biggest entertainment companies in our country, that provide quality entertainers and quality costumes, we have an workshop that we use to build our own costumes and also build specific costumes and mascots for other companies for their branding.

We are based in the Capital of Romania - Bucharest. We travel the country for private events, corporate events and the biggest festivals in Romania. We also had events in a few countries in Europe, in abu-dhabi and in Qatar. Our plan is to start promoting our premium services internationally, for the biggest festivals and clubs around the world, cultural events in different countries and high-class clients that are searching for premium and novelty entertainment services.

We have a core team of around 15 performers that are amazing multi skilled artists, but we have many more available if needed, through good connections we have with the biggest circus in Romania, where we can hire acrobats, aerials, jugglers and everything on this niche.

We have a great attention to details, we always perform as best as we can, usually beyond our clients expectations, delivering good performances, wow effects and quality emotions for both the public and the clients.

We are really good at listening our clients needs, we ask questions if something is unclear, we provide know-how and feedback and we have a great customer service. We also have almost 20 year experience in this field and we gladly offer our know-how to our clients, to best optimise the budget and the services

needed to have the maximum impact with the minimum cost involved.

We invest soul and passion in our work, we are constantly working on ourselves, personally and professionally, to be the best versions we can and to deliver the best performance possible. We are in this business because this makes us, the clients and the spectators have good emotions, and because **we elevate everyone's spirit and state of mind**, no matter how down he/she is. We give joy and hope to the people around us, and we also do this internally, with our own team.

In short, we are truly connected to this new identity and we want to get the most out of it!

Key elements:

- We are always improving, always creating new WOW costumes and effects, we are constantly evolving
 - We perform for premium clients, big corporations and institutions, big brands and shopping centres, and we want to scale our business and go internationally to the biggest festivals out there
 - We want to identify as a premium brand
 - We want to identify as a big professional entertainment company (with more than 100 performers available if needed (we have more than 800 costumes in our wardrobe, we are the biggest stilt walkers company in Romania - more than 25 artists and equipments available and more than 100 stilt walker costumes and counting)
 - We want to inspire people around the world to evolve, be better, be kind to each other, to enjoy life and living
 - We want to inspire balance - in our work and in our life (I'm thinking maybe we can do something with ele **VA** rts - the V and A that suggest up and down or something that in the middle of the two forces there is always balance)
 - I would want a "hidden" detail also. My 3 year old son is named ARIS. I would want to have a dot or a bump on the T form ARTS - so easily if we remove the T it would spell ARIS, so that later on I could tell him that all of this grew along with him, and he gave me the power and energy to make it happen!

Our catalogue looks like this (old and unprofessional, we know... compared to companies that have good marketing and not so great services, we are the other way around. We deliver exceptional services but have really bad marketing :). We are artists, we like to perform, not to stay all day on computers and social media :))

It's just most asked services and costumes in there, not all we have :)

Our instagram is <https://www.instagram.com/royalentertainmentromania/>

Today we just reserved elevarts.com and elevarts.ro :)

If you have any questions feel free to ask :).

I also asked chatGPT to make a short description for us, maybe this also helps...

"ElevARTS" is a powerful and relevant name for your business as it effectively combines the words "elevate" and "arts" to create a unique and memorable brand identity. Here's a breakdown of the name and its significance:

1. Elevate: The word "elevate" signifies growth, progress, and reaching new heights. It reflects our commitment to pushing the boundaries of artistic expression and delivering exceptional entertainment experiences.
2. Arts: "Arts" emphasises the core focus of your business, highlighting your dedication to the world of performing arts, creativity, and entertainment.

By combining these elements, ElevARTS captures the essence of your company's mission to elevate the arts, elevate entertainment experiences, and elevate the impact you have on your audience.

To make the most of the name ElevARTS, here are some strategies you can consider:

1. Branding and Visual Identity: Develop a visually appealing and distinctive logo that incorporates elements of elevation and artistic expression. Use a color palette that evokes a sense of sophistication, creativity, and excitement.
2. Marketing and Promotion: Leverage ElevARTS as a powerful marketing tool by emphasising how your performances and artistic creations elevate emotions, transport audiences to new realms, and provide unforgettable experiences. Highlight the premium quality, innovation, and custom-made nature of your shows and costumes.
3. Online Presence: Establish a strong online presence through a professional website and active social media channels. Use engaging content, captivating visuals, and behind-the-scenes glimpses to showcase your talented artists, unique performances, and the immersive world of ElevARTS.

4. Collaborations and Partnerships: Seek collaborations with high-profile events, luxury brands, and prestigious venues to expand your reach and solidify your reputation as a premium entertainment provider. Focus on forging connections with clients who appreciate and value the elevated experience you offer.

By consistently embodying the essence of ElevARTS in your brand messaging, visual identity, and customer interactions, you can establish a strong presence in the entertainment industry, attract premium clients, and create lasting impressions on audiences worldwide.
